# About Earth Rangers

Earth Rangers' award winning live shows and interactive programs motivate hundreds of thousands of children each year to take action to help protect the planet.

## Our mission: *Bring Back the Wild*

- Educate children about the importance of biodiversity and the threats facing animals and their habitats
- Inspire children to adopt more sustainable behaviours
- Engage children and their families to take action to protect animals

# Why a Green Building?

Earth Rangers values

+

40% of energy consumed is in buildings  
75% of a building's life cycle cost is in operations  
Lower operating costs and impacts

**FACILITIES SCORE**

# Energy Management

- Demo
  - Energy savings quantified and easily accessible
  - Energy awareness for all those that see the information
  - Showcase sustainability efforts and targets

# Integrated EMIS

- Better visualizations
- Instant, up to date reporting
- Uses information across systems
- Public display
- Operations uses
- Management use
