

## PowerLogic Users Group Conference 2012

*Date:* Friday October 26, 2012

*Location:* Sheraton Airport Hotel and Conference Centre  
801 Dixon Road, Toronto, M9W 1J5

<b>Time</b>	<b>Topic</b>	
7:30 a.m.	<b>Breakfast &amp; Registration</b>	
8:30 – 9:40  Panel discussion with Q&A	<b>Introduction</b>	<i>Eric Langford Langford &amp; Associates</i>
	<b>Welcome</b>	<i>Daniel Peloquin President Schneider Electric Canada</i>
	<b>Market Outlook and OPA Conservation Initiatives.</b>	<i>Andrew Pride VP - Conservation Ontario Power Authority</i>
9:40 – 9:50	<b>Break</b>	
9:50 – 12:30	<b>Seminars (see below)</b> <i>Delegates will switch between sessions</i>	Break-out rooms
12:30 – 1:30	<b>Lunch</b>	
1:30 – 2:15	<b>Workshops (see below)</b> <i>Delegates can switch between sessions</i>	Break-out rooms
2:15 – 2:30	<b>Closing Comments – Draw prizes</b>	Main Hall

## PowerLogic Users Group Conference 2012

**Date:** Friday October 26, 2012

**Location:** Sheraton Airport Hotel and Conference Centre  
 801 Dixon Road, Toronto, M9W 1J5

<b>Seminars</b>	<b>Muskoka</b> <i>Product focus</i>	<b>Algonquin</b> <i>Application focus</i>	<b>Collingwood</b> <i>Case studies</i>
9:50 – 10:25	<b>New release of SPM7.0</b>  New features of Struxureware Power Monitoring V7.0 (SPM7.0) – Formerly called: ION Enterprise.  <i>Shannon Schubert</i> <i>Schneider Electric</i>	<b>Benefits of an energy audit</b>  How can your facility benefit from an energy audit?  <i>Greg Lee</i> <i>Schneider Electric</i>	<b>Using EMIS to achieve ISO50001</b> How power monitoring was leveraged to achieve the first combined ISO 50001 / SEP certification.  <i>Andrew Hejnar</i> <i>3M Canada</i>
10:30 – 11:05	<b>Metering, manufacturing &amp; quality</b>  An inside look at a the Schneider Electric manufacturing facility in Victoria, BC.  <i>Jacques Van Campen</i> <i>Schneider Electric</i>	<b>EMIS – Enterprise Energy Management</b> Exceed the traditional boundaries of energy management software and extend the benefits of existing energy related data sources  <i>Michael Schmitz</i> <i>Schneider Electric</i>	<b>Integrated energy management analysis</b>  One year later...are the savings real? Follow up to last year's analysis.  <i>Andy Schonberger</i> <i>Earth Rangers</i>
11:10 – 11:45	<b>Digital metering</b>  Review of new product developments and future product releases.  <i>Daniel Brandao</i> <i>Schneider Electric</i>	<b>User dashboard displays</b>  Optimized SPM7.0 dashboards that are appropriate for each level of your enterprise.  <i>Shannon Schubert</i> <i>Schneider Electric</i>	<b>Energy is more than kWh</b>  Taking a holistic approach to drive conservation and awareness using ION EEM.  <i>Kate Whalen, Joe Emberson</i> <i>McMaster University</i>
11:50 – 12:30	<b>EMIS – Energy Operation</b>  Web hosted services allow users to control costs by providing information to understand how energy is used in the organization.  <i>George Bivens</i> <i>Schneider Electric</i>	<b>Power solutions for critical power and data centers</b>  Specialized and focused power management systems for the entire power distribution Infrastructure  <i>Michael Gillis</i> <i>Schneider Electric</i>	<b>Monitoring on a large, multi-building site.</b>  Case study of power monitoring and sub-metering at Exhibition Place in Toronto.  <i>Adam Campbell</i> <i>&amp; Frank Martindale</i>
12:30 – 1:30	<b>Lunch</b>		
1:30 – 2:10	<b>Open technical forum</b>  Bring your laptop. Ask application questions; tips'n tricks; advanced web reporting; etc...  <i>Schneider Electric</i> <i>PAE Field Service Team</i>	<b>Power quality overview</b>  Understanding power disturbance analysis – fault direction, signatures, EN50160, IEEE standards, etc...  <i>John Straughn</i> <i>Schneider Electric</i>	<b>WAGES</b>  Strategies to integrate Water, Air, Gas, Electricity and Steam in your energy management solution.  <i>Tim Ducharme</i> <i>Schneider Electric</i>
2:15 – 2:30	<b>Closing Comments – Draw Prizes</b>
