

## PowerLogic Users Group Conference 2018

**Date:** Thursday October 18, 2018

**Location:** Conference Centre at the International Centre  
6900 Airport Road, Mississauga, Ontario L4V 1E8,

Registration: [know-your-power.com](http://know-your-power.com)

Presentations available for download after the conference at [know-your-power.com](http://know-your-power.com)

Time	Topic	
7:30 a.m.	<b>Breakfast &amp; Registration</b>	
8:30 – 9:40  Panel discussion with Q&A  Room: <b>Orion BC</b>	<b>Introduction</b>	<i>Eric Langford Langford &amp; Associates</i>
	<b>Welcome</b>	<i>Adrian Thomas, Vice President, Schneider Electric Canada</i>
	<b>Keynote: Sustainability Re-Imagined</b> Sustainability serves as a lens through which business leaders are able to identify opportunities that might otherwise have been missed, to cut costs, reduce risk, and generate higher revenues. The evolution of technology, specifically, digitization and the interconnectivity has spawned, are driving powerful new ways to achieve sustainability goals.	<i>Nick Blandford Global Sustainability and Energy Conservation Schneider Electric</i>
9:40 – 9:50	<b>Break</b>	
9:50 – 12:30	<b>Seminars (see below)</b> <i>Delegates will switch between sessions</i>	Break-out rooms
12:30 – 1:30	<b>Lunch</b>	
1:30 – 2:15	<b>Workshops (see below)</b> <i>Delegates can switch between sessions</i>	Break-out rooms
2:15 – 2:30	<b>Closing Comments – Draw prizes</b>	Main Hall

## PowerLogic Users Group Conference 2018

Seminars	<i>Room: Pegasus A Product Updates</i>	<i>Room: Pegasus B Applications</i>	<i>Room: Phoenix C Case studies</i>
9:50 – 10:25	<b>Power Monitoring Expert V9.0</b> Learn about the latest release of PME9.0 software. New dashboards, reports, waveform viewer, and kiosk capabilities.  <i>Juan Camilo Arias, Schneider Electric</i>	<b>Power Quality Overview</b> Understanding power disturbance analysis – fault direction, signatures, EN50160, IEEE standards, etc.  <i>Alec Rancourt, Schneider Electric</i>	<b>Wholesale Revenue Metering</b> Lessons learned over 20 years of MSP experience. How customers are leveraging their metering information.  <i>Mike Lenarduzzi Rodan Energy Solutions</i>
10:30 – 11:05	<b>Utility Metering</b> Review of the new ION8650 firmware, Cyber-Security, CEA, and MC updates.  <i>Sandra Pedro, Schneider Electric</i>	<b>Power Event Analysis Module</b> The new alarming and PQ analysis tool for alarm aggregation and analysis.  <i>Andrew Muir Schneider Electric</i>	<b>Campus Energy Management</b> Not just academic: Monitoring electrical, natural gas, water and steam for 50 buildings spread over 150 acres. <i>Penny Jastremski, Carleton University</i>
11:10 – 11:45	<b>New EM4900 sub-meter</b> Introducing the new line-up of multi-circuit devices for cost-effective sub-metering applications.  <i>Denis Arnaud, Schneider Electric</i>	<b>Global Adjustment (GA) Tool</b> Review of new capabilities and customization in PME 8.2 for monitoring and alarming on GA to lower demand charges.  <i>Tirtho Duttagupta Schneider Electric</i>	<b>Overview of Certification Programs</b> What is the difference, and why do we care about ISO50001, EnergyStar, LEED, ASHRAE 90.1, GreenBuilding, etc.  <i>Dave Arkell, 360 Energy</i>
11:50 – 12:30	<b>New ION9000 meter</b> Leading the world, the new ION9000 is designed to be the world's most advanced energy and power quality meter. <i>Daniel Brandao Neto Schneider Electric</i>	<b>Cybersecurity</b> Implications for metering and energy management.  <i>David Kidd, Schneider Electric</i>	<b>Multi-site PME Implementation</b> How CN Rails against energy waste, using PME to improve efficiency across Canada.  <i>Ali Omran, CN Rail</i>
12:30 – 1:30	<b>Lunch</b>		
1:30 – 2:10	<b>Room: Orion BC</b> <b>Energy Programme Update</b> The government promises to change energy in Ontario. A brief update on Ontario' rapidly changing energy sector.  <i>Declan Doyle, Senior Manager, Alliances, IESO</i>		<b>Tips and Tricks</b> How to create and customize reports in PME.  <i>Mauricio Gonzalez, Schneider Electric.</i>
ALL DAY	<b>Phoenix A</b> <b>Metering/Software Demo Zone</b> Schneider Electric's Power Application Engineers are available to answer your questions in a "hands on" environment.		
2:15 – 2:30	<b>Draw Prizes – Lynn Armour</b> <b>Closing Remarks – Sera Moffatt</b>
